2016 ANNUAL REPORT

A NOTE FROM OUR EXECUTIVE DIRECTOR

Provision. Protection. Guidance. Love. Because of you, Homes of Love children are experiencing God's love through the love of a family. They are dreaming and growing into thriving adults.

In 2016, your contributions helped 25 children pursue their dreams through college or vocational training; expand our international staff and provide important training for staff in all three countries; and open new homes, including our first home in Cambodia and first kinship care home in Vietnam.

As Homes of Love continues to grow, your support will help give more children a family for life. We always welcome the opportunity to talk with you and answer your questions. Please contact us anytime.

All of us at Homes of Love appreciate your partnership. Thank you again for giving vulnerable children families for life.

Yours gratefully,

Rebbie Chesney

WHY HOMES OF LOVE?

Homes of Love creates families for orphaned, abandoned, and other at-risk children in Cambodia, Vietnam, and Zimbabwe. The love, sense of belonging, and connection to community that come through living in a family help our Homes of Love children to escape the dangers of poverty, abuse, neglect, and sexual exploitation and to grow into thriving adults.

For this reason, we partner with Christians in each country to identify, train, and support in-country, godly parents to raise these children as their own. In HOL families, children receive guidance and love from parents, as well as healthcare and access to education. We believe God intends for every child to grow up in a family, and it is our goal to **create families for life.**
